Review Targets on Rumania

REF : St/I Office Notice No 194, 9 September 58

Below is the S/CST Contribution to the Review of 25X1A8a
on Rumania Target List

Background

On page 1, paragraph 3, delete the last two sentences and insert the following:

"The original draft of the Second Five Year Plan called for a capital outlay of 105-110 billion lei of which 60-63 billion lei were to be spent for construction-assembly work. Accordingly, construction expenditure in 1956 was 8 billion lei or 18% above the 6.8 billion lei spent in 1955. After it was decided at the end of 1956 to substantially reduce the capital investment goal for the Second Five Year period, a corresponding decline in construction-assembly expenditure occurred. In 1957, construction investment was 16% lower than in 1956, and the 1958 plan calls for a further decrease of about 2% below the 1957 figure."
